ITINERARY:

Pick up from the hotel and head towards Turkish Glass Art Atelier.

10:30 - Meeting at the Glass Furnace

10:40 - 11:00 - Glass Furnace

Presentation Film Show

Our visitors first acquire a brief preliminary information about the Glass Furnace Foundation and glass friends by watching our promotional film about our foundation, our works, our educated artists and our educated students.

11:00 - 11:20 - Hot Glass Display / Production monitoring

In the hot glass workshop, the second stop of the trip, the ongoing production with glass blowing technique is followed and knowledge of the technique is obtained. During the monitoring, the informing continues. Depending on demand, a specific free-blowing experiment may be performed.

11:20 - 12:00 - Beadwork

The first application in the excursion program is performed by Ahmet Özdeniz at the bead workshop. In practice, beadwork is shown, the fundamentals of work are explained, then the participants themselves make one bead. The beads are delivered at the end of the day.

12:00 - 13:00 - Food Break 13:00

- 14:50 - Fusion Study

In the fusion operation, each participant is given a colorless flat glass of 15 x 15 cm, small size colored glasses, glass cutting tools and safety goggles. First, fusion and glass cutting techniques are introduced and explained, then participants perform their own work on the given flat glass. Fusion works will be sent by courier to the participant after the firing.

14:50 - 15:10 - Tea Street 15:10- 16:00 - Free time

At the end of the trip, if they want to attend, they can shop for souvenirs as a memorable sightseeing event, they can always keep their memories of the day they live here.

16:00 - Separation from Glass Furnace

The beads are delivered at the end of the day.

After the fusing works are baked, your sides will be shipped by cargo on a counter-payment basis.
